WEDNESDAY MORNING, DEC. 7, 1864.

News of To-Day.

Richmond papers hint at alleged important facts relative to Sherman's movements but tell more than they intend to.

The Savannah News says Milledgeville and Gordon have been captured, and that important public works were destroyed. They claim that Sherman's cavalry was repulsed on the Oconee River, but his cavalry was still there the next day.

The Governors of South Carolina and Georgia have called out all males, between the ages of 16 and 55 to aid in repelling Sherman.

The *Florida* prize steamer had been run into by a war steamer and had sunk.

A new army corps of 20,000 veterans was being organized under the command of Gen. Hancock.

It is claimed that our Minister to Brazil has pacified the Brazilian Government, and that no trouble in our diplomatic relations would ensue, from the capture of the *Florida*.

Stanton remains in the War Department, and David Davis, of Indiana, is talked of for Chief Justice, in place of Taney, deceased.

Military authorities are in high spirits over the general aspect of affairs in the field.

Attorney General Bates has resigned. No one as yet has been appointed in his place.

The King of the Sandwich Islands is said to have invoked the protection of the Emperor Napoleon.

Breckinridge is now confronted by a strong army, near Cumberland Gap, and can do no harm.

It is ascertained that Early heard that Sheridan had been much weakened, and therefore advanced up the Shenandoah Valley, but learning his mistake he was last heard from hurrying away again with Sheridan's cavalry pounding him in the rear.

STOP THIEF.—Something of that sort is cried by the Dalles paper, in reference to the Mint question, and charges are made that somebody is bribing some other body somewhere to do something that would injure somewhat the doubtful chances of that place for an Oregon Mint. The best joke of the season is that the *Mountaineer* abused Holbrook, the newly elected Delegate from Idaho, when on his way to Lewiston to get his certificate of election, insinuating that he was going up to lobby for Portland with the Legislature, and this ill-judged and ill-mannered abuse so alarmed the monied men of that enterprising place, that it is commonly reported that they forced the sum of $250 on that gentleman, in some graceful way or other, as a testimonial of good will and appreciation—merely as a compliment, of course—and which, if done as stated, was accomplished with so much suavity and *bonhomie* that the recipient could not find an excuse to decline. The fact is the Dalles people are liberal, they are courteous and accomplished, happy in their tact, and generous in their enterprise; but we doubt if they can buy up all the Legislatures on the Pacific coast, or subsidise Congress with the means at their command, even if it could be done at all. Vic Trevitt is a good representative of their interests at Lewiston, and we recommend Vic to the members of the Legislature there, as an old Oregonian—almost a fossil, as well as ourselves—a regular brick, too, with a little quartz on the brain, and an interest in town property at the Dalles. He is generous, is Vic, and should he endeavor to force upon a friend, on short acquaintance, a lot in Trevitt's addition to the Dalles, or a few feet in the Arrigoni, Golden Chariot, Montezuma, or Morning Star, Owyhee ledges, why don't decline such a friendly act. It wouldn't be friendly to decline a glass of wine with him on occasion, and we promise not to suspect them of being bribed if they are seen running with him considerably. There is no use in such small-souled jealousy as some people entertain. But we might suggest that if the Dalles has money to invest, there is an excellent chance to lay it out to good advantage to themselves and all the world besides, by completing a first-rate wagon road direct to Owyhee and other regions south, and we believe that road is worth as much more to them than a Mint, as any good, sound Union man is better than—than—well, than Nesmith.

OREGON CITY WOOLEN MILLS.—From Mr. L. E. Pratt, lately returned, who went East to purchase machinery for the new mills building at Oregon City, we learn that he succeeded in getting his orders filled much sooner than he anticipated on his first arrival, when he found all the machine shops and manufactories crowded with work and contracted for six months in advance. He purchased three sets of woolen machinery complete, calculated to do about the amount of work now being accomplished by the Salem Woolen Factory, at their extensive mills, and the new mills will do about the same character and grade of work as is being done there. The machinery is expected to arrive here in April, and it is hoped to have the mills in successful operation by the first of July next. The large stone building intended for the works being erected at Oregon City is up, and is now being covered. It is quite an ornament to that town, and has a firm, substantial appearance; and its erection speaks a new and important era in the business and prospects of our near neighbors, whose extensive and perpetual water power offers the foundation for a thriving and important manufacturing interest, that will eventually be developed there, and increase with the growth of the State, and in proportion to that growth.

PENNSYLVANIA ELECTION IN OCTOBER.—There seems never to have been a correct idea possible as to how the election really went in that State last fall, until lately, when, from Eastern papers and our California files, we learn that at that time the home vote was about a tie. The Union men claim it by 341 votes, and the Democracy by even less than that, while the soldiers' vote came to the rescue of the Union cause and carried the State by some 10,000 to 15,000 majority. This seems to be the reliable state of affairs, and we desire now to formally claim the Quaker State as having gone for us in October. We have really waited patiently for some time to learn the result determined whenever we did get it in authentic shape to give our readers the benefit of the information. Now, do the Democracy claim still to have carried that State in October, or not? Did they elect the Congressmen, or did we? Don't all speak at once.

Letter from Forest Grove.

FOREST GROVE, Nov. 28, 1864.

EDITOR OREGONIAN:

I have been [illegible] the Oregonian [illegible] with anxious [illegible] while the Legislature was in session, hoping that something would be done that would secure a [illegible] school in each district in the State, with [illegible] [illegible] for Oregon [illegible] [illegible] situation is [illegible] that they [illegible] [illegible] [illegible] way [illegible] men that [illegible] nothing but the hand. [illegible] [illegible] tax [illegible] and the poor man who has a house full of children will vote for the [illegible] something [illegible] who will have a little tax to pay [illegible] of benevolence [illegible] and have a [illegible] in his head when he thinks of some child that is going to school without paying for it, but when he thinks of those that have a big tax to pay, [illegible] [illegible] [illegible] school his children [illegible] had gone there [illegible] to [illegible] a tax to school [illegible] children [illegible] [illegible] taken [illegible] who has no children [illegible] that he [illegible] has children to school, and that he is willing to pay for it.

Sir, I could hope if I could only find in your columns, in relation to this matter, something that would call out from some worthy pen, an article on the subject; something that would induce our next Legislature to pass a law repealing this neighborhood school tax as now conducted, and make it the duty of the directors to hire a teacher, levy a tax and pay for it; or that we could find in the OREGONIAN something to advise us whether to vote a tax and make a row in the neighborhood, or let the school go by the board: for if we must turn the poor man's child out of school, because he is not able, or will not try to pay for it, I will go back to Dixey where I was raised, and where people all pay for their own *bread*.

Respectfully Yours, D. ENOS.

The present school law is defective and a new one did not pass last session, on account of press of other business, and from the fact that members feared the bill before them was not matured well and carefully enough to satisfy the public wants. There is no doubt that next session will see a good school law passed. It is now considered one of the most important measures before the country. In the meantime our friend had better get along as well as possible with the old law, and hope for better things. Every neighborhood *should* have a school, and *can* have one if it will vote the tax. There should be no squeamishness on the part of any one in doing so, though we are aware that very unfortunately it is often as our correspondent sets it forth, and we fully appreciate his views.

Thanksgiving Cake.

WHITE SALMON, W. T. Nov. 29, 1864.

EDITOR OREGONIAN:

Please find enclosed fifty dollars ($50) which you will please hand to the Agent of the Christian Commission in Portland.

Washington Territory is not to be "left out in the cold," while her "distant relatives" are showing their liberality in getting up fairs, selling and re-selling sacks of flour, giving *their green-backs*, as well as *broad shoulders*, to bear the burden of this war, and to supply delicacies as well as necessaries for the sick and suffering in camps and hospitals.

On Thanksgiving Day, Mr. and Mrs. E. S. Joslyn, of White Salmon, W. T., made liberal preparations to entertain a number of friends, of which the inclemency of the weather permitted but eight to gather with them. After discussing the merits of a fine fat turkey, and all the nice fixings which the ladies know so well how to get up, it was proposed to appropriate a nice loaf of cake, which had escaped the fate of its fellow, to the worthy object of the Christian Commission. But the cake was not a golden brick, sent from the rich mines of Idaho to be coined into shining dollars; how then could the loaf be coined?

Now there were present four couple who were born in New England, including host and hostess, one who born in Kentucky, and one in Michigan, though of a Yankee mother, so there were too many Yankees to let the question remain long unanswered. It was proposed to call it a guess-cake, and each one was to pay according to his liberality, for the privilege of guessing its weight—the best Yankee at guessing to be its possessor. Twenty-six dollars was thus raised in guessing. The *Michigander* proving to be the *best Yankee*, won the cake, and which he immediately offered for sale, and as soon found a purchaser, who then turned auctioneer, and a spirited bidding ensued, and again the *Michigander* took the palm, and to keep the ball rolling, sold it again, and in less than half an hour fifty dollars in greenbacks was raised. I think, Mr. Editor, this was not a very bad *affair* for our Territory, and as we have sent it into Oregon State, you may expect to hear from our *Yankee guess-cake* again, which has thus been started on its mission, for the benefit of those who are suffering for God and our country.

MRS. N. E. A. S.

NEWS FROM UP-COUNTRY.—The re-division of Idaho Territory is being discussed in the Legislature of that Territory now in session at Lewiston. In reading the debates of that body, we do not notice anything of unusual interest transpiring.

A distillery is in operation, making whisky, at Walla Walla.

The Blue Mountains are covered with snow, from summit to base.

A big fish weighing 643 pounds, run its nose against the ferry boat at Olds' Ferry, and then run ashore and was captured. See account we clip from the Walla Walla *Statesman*.

A MASON in Limerick, Ireland, lately, hammering a stone, chipped out what he supposed to be a lump of glass. It proved to be a diamond, worth five hundred dollars.

THE directors of the Washingtonian Home received a present of five hundred dollars from a gentleman who had been cured of drunkenness there some months ago.

The Rebel prisoners recently taken by Sheridan, gladly exchanged forty dollars of their money for twenty cents of ours. So writes home a member of one of our regiments.

ON one of the most shaky days (financially speaking) of the past season, fifteen thousand dollars worth of [illegible] was sold by one New York house.

A CHEMIST in Liverpool, who sold strychnine by mistake and killed a man, was sued by the widow and compelled to pay her $7,500 damages.

The ex-King of Naples hasn't got much royalty, property, kingdom or crown left, but he wants to borrow $3,000,000 on what there is left of it.

FROM OLYMPIA.—Frank P. Dugan has been elected Speaker of the House of Representatives of the Washington Territory Legislature.

THE internal revenue receipts for September were $15,800,000, being about the same as for August, but not quite up to estimate.

In one of a lot of old army canteens purchased by a hardware speculator at Memphis, a roll of $2,000 in greenbacks was found.

THERE are now about 115,000 miles of railway in the world. These have consumed 40,000,000 tons of iron.

NEW YORK, Nov. [illegible]—The *Herald's* Nashville [illegible] says [illegible] consists of 25,000 infantry and [illegible] cavalry. [illegible]

[illegible]

A correspondent of the Richmond *Dispatch* says: The Yankee Government can well afford to pay a million dollars per day for the information which the Richmond papers furnish [illegible] gratis regarding the movements of Sherman in Georgia.

WASHINGTON, Nov. 28.—From information received at the Indian Bureau, it appears that good feeling prevails in an unusual degree with all the Indian tribes.

LOUISVILLE, Nov. 29.—General Thomas is reported to have retreated to Franklin, ten miles southwest of Nashville. Military authorities say that one report is clear: Thomas is preparing to reorganize the large reinforcements now on their way to him, before giving battle to Hood.

WASHINGTON, Nov. 28.—A dispatch to the Navy Department from Admiral Porter, dated Fortress Monroe, states that one of our steamers has arrived bringing the rebel Admiral Buchanan and his [illegible].

The following has also been received:

FORTRESS MONROE, Nov. 29.—To the *Secretary of the Navy*: I have just received a dispatch from the commander of the prize steamer *Florida*, informing me that she was sunk in nine fathoms of water. She had been run into by an army steamer, and badly damaged. I will inform the Department of the particulars.

(Signed) D. D. PORTER.

A steamer has arrived from City Point. She brings no news.

WASHINGTON, Nov. 28.—An order was issued to-day for raising and reorganizing a new Volunteer Army Corps, to consist of not less than twenty thousand infantry, to be enlisted for not less than one year. It will be designated as the First Corps, and will be organized in the District of Columbia. The privates will be men who have served honorably for not less than two years. The officers will be commissioned from such as have served honorably for not less than two years. Major-General Hancock is assigned to this corps, and under his command will no doubt distinguish itself.

NEW YORK, Nov. 28.—The *Tribune's* Washington special dispatch says: Solicitor Whiting and Judge Lewis are spoken of for Attorney General as successor of Gen. Bates.

The *Times'* Washington dispatch says Judge Advocate Holt stands the best chance for succeeding Bates.

Lincoln will not hear to Stanton leaving the War Department, so that speculation as to the Attorney General's position amounts to nothing.

Judge David Davis, of Indiana will certainly be Chief Justice. Judge J. P. Usher will take Davis' place on the Supreme Bench.

Our military authorities are in high spirits over the general situation.

WASHINGTON, Nov. 29.—Edward Bates' resignation of the office of Attorney General will take effect on Nov. 30th.

The trial of Colonel North, charged with election frauds will not be resumed before the 9th of December.

NEW YORK, Nov. 28.—The first meeting of the California, Nevada and Colorado Brokers' Board is announced for to-morrow.

It is reported that the King of the Sandwich Islands has sent an ambassador to France to say that he would gladly accept the protection of Napoleon.

BALTIMORE, Nov. 28.—The late rebel papers say, in giving accounts of the appearance of Early's army in front of Sheridan's line on [illegible] 2th, and his sudden flight with the Union cavalry at his heels, furnish some explanation of his movements on that occasion. Early had understood that a considerable portion of the Union army had left the Valley. He found his mistake, and was glad to go back up the Valley as expeditiously as possible.

The mail steamer, which arrived to-day, reports that yesterday morning heavy cannonading was heard at City Point, from the direction of Petersburg.

As the steamer *Webster* was coming down James river yesterday, when near Hog Island she discovered the *Greyhound* (Butler's dispatch boat) on fire. General Butler and Schenck and Admiral Porter were on board the burning vessel. The steamer *Hyannis* took them off. The *Greyhound* was burned to the water's edge. The horses belonging to Butler's staff were burned to death.

The captured officers and crew of the pirate *Florida* have been sent to Fort Warren.

Major-General Couch has been transferred from the Department of the Susquehannah and ordered to report to Gen. Thomas.

NEW YORK, Nov. 28.—The *Commercial's* special dispatch says: There is no fear of a diplomatic rupture between this country and Brazil. Gen. Watson Webb took steps immediately upon the seizure of the pirate to allay any ill feelings on the part of the Brazilian Government and to render an amicable adjustment of the difficulty.

It is believed here that in a few days we shall have intelligence direct from Sherman *via* Savannah or Charleston.

The Richmond *Whig* says that there are now only about four thousand Yankee troops at Newbern, N. C.

A BIG FISH STORY.—A gentleman who recently came down from the Boise mines tells us of a most extraordinary fish which was caught at Old's Ferry on Snake River. The manner of catching was peculiar. It appears that while the ferrymen were [illegible] some teams for the Owyhee side a sturgeon of vast size ran against the upper gunwale of the boat. In a moment afterward he was seen making for the Idaho shore, apparently in terrible agony. He ran half his length out on the gravelly beach, and while in that position one of the men of the ferry house ran down to the beach with a [illegible] and [illegible] it [illegible] holding him until help arrived. He was then dragged up on the bank, killed [illegible] and weighed. Its length was ten and a half feet; total weight 643 pounds; weight of head, [illegible] pounds. The fish's head was fractured across the front by the collision with the boat, and hence this strange freak of running ashore.—*W. W. Statesman.*

SENTENCE CONFIRMED.—The two mutineers of the [illegible] brought as prisoners in [illegible] *Chesapeake* were tried yesterday before the Chief Justice. Mr. King counsel for the defense. The jury, after retiring for half an hour, brought in a verdict of guilty of piracy and robbery on the high seas. [illegible] accompanying it with a recommendation to mercy. Sentence was deferred.—*Colonist.*

ALPHONSO of Castile, who had a great talent for generalizing, mankind by [illegible] nine out of ten, and was sure that if he had been consulted about the [illegible] of the world, it would have been better made, disposes of woman in these words:—"She is a human being, who dresses, babbles and undresses."

At a recent railroad dinner, the complimentary toast to the legal fraternity, the toast was given:—"An honest lawyer, the noblest work of God." But an old farmer in the back part of the hall rather spoiled the effect by adding, in a loud voice, "And about the scarcest."

Charles Smith and Rufus K. Cutler have been elected U. S. Senators from Louisiana.

The late Joshua Bates is said to have left $5,000,000.

[illegible] The Superintendent here, John W. Norton, has received from Washington the first installment of [illegible] the [illegible] bureau will be from the [illegible] street side.—*New York Evening Post, Oct. 2*[illegible].

A LUCKY PROSPECTOR.—We had the pleasure of a call yesterday from an old friend, whose name has become synonymous with silver and gold lodes, and whose luck at finding them is only equalled by his energy in the arduous work of prospecting for them. Henry T. P. Comstock, the original discoverer of and after whom the great lode at Washoe was named, was one of the pioneers in developing the great mineral resources of Boise Basin and South Boise. Never so happy as when pounding quartz, and more delighted at a new discovery than at the prospect of realizing a fortune by it, it may truly be said that he has made many men rich by locating good claims for them in Washoe, and he has done [illegible] lots of friends in the new fields of South Boise. We helped with him, some three years since, to shovel snow in the Blue Mountains to make a trail to the then new mines on Powder river, and have watched his course since with interest. He is devoted to one pursuit—mining—and is never at home save when among the primeval granite, pounding up the croppings in search of quartz. He tells us that Boise, in his opinion, is bound to surpass Washoe in its mineral resources, both for extent and richness. We hope it may; gold and silver are of the good things that the world cannot easily get too much, and while we think that the ledges of South Boise may prove good, we also hope that the "Comstock" ledge there, may fully equal the Washoe ledge that was the first to bear that name.

CENSUS OF THE CITY OF PORTLAND.—Mr. A. Bushwiler has commenced canvassing the city with a view to obtaining the number of its inhabitants, which he designs publishing in the City Directory for 1865. As these annual publications serve as a history of the city's growth and prosperity, and are often referred to as such, it is essential that our citizens should afford Mr. B. every facility for obtaining a true estimate of our population. If this can be obtained, we feel assured that the census for 1864 will show an increase of from fifteen hundred to two thousand over that of last year. We are told that a good many, fearing the draft in these war times, are rather backward about making statements as to the different members of their families. We can assure all such that in this instance there is no cause for alarm.

A STEAM BREWERY.—Messrs. John Mason & Co., long and favorably known in San Francisco, as the manufacturers of Ale and Porter, have taken up their residence within our city, and will shortly open a steam brewery here. They have purchased real estate, entered upon the erection of their buildings, and are now putting in the machinery for first class work. They intend to manufacture as good, if not a better article, than can be imported. A portion of their machinery arrived by the [illegible], and additional lots have since been received by steamships.

MRS. SALLIE B. GOODRICH TRAYER.—This estimable Actress has been the guest of Arrigoni's since the arrival of the steamship *Brother Jonathan*. She is *en route* to Salem, to fill a short engagement with the Thespians of the Capital, after which we shall be pleased to see her once more on the boards before a Portland audience, as we understand that her *repertoire* contains many new and entertaining pieces, in which she personates characters never before essayed on the Northern coast. We predict much entertainment for the citizens of Salem in engaging the humorous and piquant Sallie.

NARROW ESCAPE.—A small boy fell into the Willamette at the foot of Alder street in this city yesterday afternoon, and was barely saved, as a man happened to be waiting there for the Oregon City boat, and pulled him out. The little fellow seemed to be impressed with a deep sense of gratitude to the Almighty for his providential escape. The wonder is that boys are not often drowned in this city, by their careless saunterings about the wharves.

DRIFT WOOD.—The new steamer *Fannie Troup*, lying at the foot of Taylor street, was yesterday threatened with damage from a large field of drift wood that had collected at her bow, and Captain Turnbull had steam raised in her boilers for use in case of accident, parting fastenings, or otherwise, and set hands at work to remove the accumulated heap. There is an immense amount of drift wood coming down the river at present, and the current is very strong. The water raised over two feet yesterday.

TEARING OUT CROSSINGS.—The badly arranged crossings of this city are a source of great annoyance to truckmen, but the rights of people should not be so far forgotten by them that they will make extra work for their horses by tearing out the crossings in order to get along the streets with a heavy loaded dray or truck. A case occurred recently at the junction of Second and Main streets that was quite aggravating.

LOCKED UP.—A boy by the name of Lawrence was arrested and locked up yesterday in the county jail, on a charge of chicken stealing. He has been notorious for many months, and when finally disposed of will probably bring up in the Penitentiary, or on the gallows, with a hundred other boys of this city unless checked by their parents.

CHRISTIAN COMMISSION.—Rev. Mr. Mingins has informed Rev. Mr. Atkinson, Chairman of the Committee for Oregon, that he would arrive in this city in season to speak this evening as arranged by the committee at the Methodist Episcopal Church. It is expected that he will visit the Dalles, and possibly Umatilla and Walla Walla, to speak in behalf of the soldiers.

HUSSEY'S VARIETY TROUPE.—This creditable troupe of performers closed the doors of the Eureka Theatre last evening, for the accommodation of the "*big fishes*" at Willamette Theatre. They will take possession of the boards at the latter place, however, to-night, where *Frank* and *Billy* will [illegible]—(they always do!)—[illegible] give them a chance.

SCALPED A COURTEZAN.—Ferd. Patterson, the man who shot Capt. Staples in this city a few years since, was placed under arrest yesterday for his appearance at the Recorder's Court this morning, for actually scalping a courtezan, and demolishing the furniture of her house.

PETIT LARCENY.—Geo. Smith was arraigned before Justice Gray yesterday charged with stealing a pair of pants from Cohn, Lyon & Co. He plead guilty, but set up a plea of "drunk," which the Justice could not "see," and was sentenced to three months in the County jail.

BROKE AWAY.—A strong eddying current set in below the steamship *Brother Jonathan* on Monday night which parted the stern lines, [illegible] cables and sent the vessel nearly adrift. No particular damage was done, however, except the difficulty of making her fast again without steam.

HOLIDAY GIFTS.—Mr. McCormick of the Franklin Book Store, has an unusual display of fine toys for the holidays, and will be able to furnish every youngster in the city a gift [illegible] will please the older portion of the inhabitants with their accustomed tokens.

HEAVY FROST.—A heavy frost whitened the sidewalks of this city at daylight, yesterday morning, and on some of the pools about there was considerable ice.

SEWERING.—The sewer lately [illegible] of Montgomery street is now [illegible], and a few days pleasant weather will be sufficient to finish it up.

TOYS AT AUCTION.—Mr. A. B. Richardson has received per steamship *Brother Jonathan*, a large invoice of splendid toys, which will be offered at auction on Wednesday next, December 14th, [illegible]

U. S. CIRCUIT COURT.—The compositor made it appear that the U. S. Circuit Court, Judge Deady presiding, would not convene until the 17th—the Court will be in session this morning at 10 o'clock.

FINE LIQUORS.—We are not given to any special comment about the liquors we indulge in, [illegible] We find, however, after [illegible] by Mr. [illegible] [illegible] certainly have the best [illegible] Mr. [illegible]

DURING Dr. J. C. Hawthorne's absence from this State, Dr. A. J. [illegible] in his stead will assist Dr. Loryea in the care and management of the Insane and County Sick.

PAY YOUR TAXES.—Sheriff Stitzel commences to-morrow collecting taxes at East Portland and soon throughout the various precincts of the county. His notices have been out some time and are so plain that any [illegible] them.

We are under obligations to Messrs. White and Bauer of San Francisco news dealers, for interesting files of papers received by the *Brother Jonathan*.

Cure Your Cold, Save Your Lungs.
NEWELL'S
PULMONARY SYRUP
HAS
CURED THOUSANDS!
And it will Cure You!

A Cough is generally the effect of a Cold which has either been improperly treated or entirely neglected. When it proves obstinate there is
Always reason to fear the consequences,
as this shows a weak state of the lungs, and is often the forerunner of Consumption.—Buchanan's Domestic Medicine.

STOP THAT COUGHING!
Some of you [illegible] you have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of worthless compounds foisted on the public as a certain cure; but

NEWELL'S
Pulmonary Syrup!
Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of [illegible] in California and Oregon have been already benefited by its truly curative powers.

WHAT KILLED HIM?
Dr. Hall, in his Journal of Health, speaking of the death of Washington Irving, asks the above question, and adds: "He might have remained with us for some years to come, had it not been for advice, kindly intended, no doubt, but given in thoughtlessness and reckless ignorance."

He Had a Cold!
Which, by some [illegible] prescription, had been converted into [illegible] Let me say to Dr. Hall that that "prescription" was not

NEWELL'S
PULMONARY
SYRUP.
KEEP IT IN THE HOUSE; use it freely; give it to your children upon the earliest indications of a Cold, and you will thank [illegible] acquainted with its merits.

LAWS [illegible]

Acts passed [illegible] of Oregon [illegible] Legislative [illegible]

AN ACT to regulate the descent of real property, and the distribution of personal property of deceased persons.

Be it enacted by the Legislative Assembly of the State of Oregon, as follows:

CHAPTER I.

Of the descent of Real Property. Section 1. Real Property [illegible]

SEC. 1. When any person shall die seized of any real property, or any right thereto, or entitled to any interest therein in fee simple or for the life of another, not having lawfully devised the same, such real property shall descend, subject to his debts, as follows: 1. In equal shares to his children, and to the issue of any deceased child by right of representation; and if there be no child of the intestate living at the time of his death, such real property shall descend to all his other lineal descendants; and if all such descendants are in the same degree of kindred to the intestate, they shall take such real property equally; or otherwise they shall take according to the right of representation. 2. If the intestate shall leave no lineal descendants, such real property shall descend to his wife, and if the intestate leave no wife, then such real property shall descend to his father. 3. If the intestate shall leave no lineal descendants, neither wife, nor father, such real property shall descend in equal shares to his brothers and sisters, and to the issue of any deceased brother or sister by right of representation; but if the intestate shall leave a mother, also, she shall take an equal share with such brothers and sisters. 4. If the intestate shall leave no lineal descendants, neither wife, nor father, brother or sister living at his death, such real property shall descend to his mother, to the exclusion of the issue of his deceased brothers or sisters. 5. If the intestate shall leave no lineal descendants, neither wife, nor father, mother, brother or sister, such real property shall descend to his next of kin in equal degree, excepting that, when there are two or more collateral kindred in equal degree, but claiming through different ancestors, those who claim through the nearest ancestor shall be preferred to those claiming through an ancestor more remote. 6. If the intestate shall leave one or more children living, and the issue of one or more deceased children, and any of such surviving children shall die under age, without having been married, all such real property that came to such deceased child by inheritance from such intestate, shall descend in equal shares to the other children of such intestate and to the issue of any other children of such intestate who shall have died, by right of representation, but if all the other children of such intestate shall be also dead, and any of them shall have left issue, such real property so inherited by such deceased child, shall descend to all the issue of such other children of the intestate in equal shares, if they are in the same degree of kindred to such deceased child, otherwise they shall take by right of representation. 7. If the intestate shall leave no lineal descendants or kindred, such real property shall escheat to the State of Oregon.

SEC. 4. An illegitimate child shall be considered an heir of his mother, and shall inherit or receive her property, real or personal, in whole or in part, as the case may be, in like manner as if such child had been born in lawful wedlock; but such child shall not be entitled to inherit or receive, as representing his mother, any property, real or personal, of the kindred, either lineal or collateral, of such mother.

SEC. 5. If an illegitimate child shall die intestate, without leaving a widow, husband, or lawful issue, the property, real and personal, of such intestate shall descend to or be received by the mother, but, if after the birth of an illegitimate child, the parents thereof shall intermarry, such child shall be considered legitimate to all intents and purposes.

SEC. 6. The degrees of kindred shall be computed according to the rules of the civil law; and the kindred of the half-blood shall inherit or receive equally with those of the whole blood in the same degree.

SEC. 7. Any property, real or personal, that may have been given by the intestate in his life-time, as an advancement to any child, or other lineal descendant, shall be considered a part of the intestate's estate, so far as regards the division and distribution thereof among his issue, and shall be taken by such child or other descendant towards his share of the intestate's estate.

SEC. 8. If the amount of such advancement shall exceed the share of the heir so advanced, such heir shall be excluded from any further share or portion in the division or distribution of the estate, but shall not be required to refund any part of such advancement; and if the amount so received shall be less than his share, such heir shall be entitled to so much more as will give him his full share or portion of the estate of the intestate.

SEC. 9. If any such advancement is made in real property, the value thereof shall, for the purpose of the last section, be considered as part of the real property to be divided; and if the advancement be either in real or personal property, and shall in either case not exceed the share or portion of such real or personal property that would come to the heir so advanced, such heir shall not refund any portion of it, but shall take or receive so much less out of the whole of the estate as the case may be, as will make the whole share equal to those of the other heirs who are in the same degree with the heir so advanced.

SEC. 10. All gifts and grants shall be deemed to be made in advancement, if expressed in the grant or gift, or if so charged in writing by the intestate, or acknowledged in writing as such, by the child or other descendant to whom it is made, and not otherwise.

SEC. 11. If the value of the property, real or personal, so advanced be expressed in the conveyance or writing whereby the same is granted or given, or in the charge thereof made by the intestate or in the acknowledgment by the party receiving it, in the division and distribution of the estate, such advancement shall be considered of the value so expressed, otherwise it shall be estimated at its value when granted or given.

SEC. 12. If any child or lineal descendant to whom an advancement is made, shall die before the intestate, leaving issue, such advancement shall be deemed made to such issue, and the division and distribution of the estate shall be made accordingly.

SEC. 13. Nothing contained in this act shall affect or impair the estate of a husband as tenant by the curtesy, nor that of a widow as tenant in dower.

SEC. 14. The word "estate," as used in this act, includes all the lawful lineal descendants of the ancestor; and the term "real property," includes all lands, tenements, and hereditaments, and all rights thereto, and all interests therein, whether in fee simple or for the life of another. The term "personal property," includes all goods and chattels, moneys, credits and effects, of whatever nature, not included in the term "real property." Inheritance by right of representation takes place when the lineal descendants of any deceased heir takes the same share or portion of the estate of an intestate, that the parent of such descendant would have taken if living. For the purposes of this act a posthumous child is to be deemed living at the death of its parent.

SEC. 15. Whereas the act regulating the descent of real property and the distribution of personal property of deceased persons, was repealed by inadvertance at the last session of the Legislative Assembly, the rule of distribution of personal property herein established and provided, is hereby declared to have been the law of this State since the repeal of such act; provided that nothing in this section shall be so construed as to disturb the settlement of any estate, where administration is complete and distribution made.

SEC. 16. Inasmuch as there is no statute in the State regulating the descent of property, and as many estates of deceased persons [illegible] settled up and are ready for distribution, this act shall take effect and be in force from and after its passage, except as otherwise declared in Sec. 13 of this act.

Oysters! Oysters!

Louis McMurray & Co., Baltimore.

THE ATTENTION OF THE TRADE IS PARTICULARLY requested to the above favorite brand of Oysters. Messrs. McMurray & Co. claim to be the only firm that still adhere to the plan of opening the Oyster in its raw state by hand, thus preserving intact its native delicacy and flavor. The superiority of this method over the one in general use, of steaming the Oysters in bulk in order to open them, whereby the natural liquid is lost and a manufactured one has to be substituted, is apparent, and recommends itself to all who have given this brand a trial.

The undersigned are receiving fresh invoices by each arrival of clippers from New York, which they offer to the trade on favorable terms.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, [illegible] it is impossible to over estimate its value as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have tried to discover its effects upon the human system. It is a sure remedy for

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS, GLANDULAR
SYSTEM,

and it has great power over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it has not been until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and research, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent, a result considered impossible by the scientific world, as attested by certificates of analysis from Bros. [illegible] Chilton [illegible] and Dr. [illegible] U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the profession that it was published in the Medical Journals, and its particulars republished in the "American Medical Monthly," July 6, 1860.

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite; the body is the result of the employment of Iodine; the patient recovers flesh, strength and color, hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

ALLEN'S

LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction, even in the most CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price, $1 per bottle.

LE DOYEN'S

SARSAPARILLA, YELLOW DOCK

—AND—

IODINE ALTERATIVE

FOR THE

CONSTITUTION.

CLEANSE THE BLOOD.

WITH corrupt, disordered or vitiated Blood you must be sick all over. It may burst out in pimples, sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and repelling disease. Hence it rapidly cures a variety of complaints which are caused by impurities of the blood, such as Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.

Blood and Liver.

This valuable Medicine is now available to the public for the cure of

SCROFULA, CONSUMPTION, RHEUMATISM, CANCER, HEART, LIVER AND KIDNEY DISEASES, NEURALGIA, NERVOUS AFFECTIONS, BRONCHITIS, DYSPEPSIA, &c.

AS A TONIC,

its operations are evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility, an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Are you sick, feeble and complaining? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Le Doyen's Sarsaparilla, and cleanse out the disordered system—purify the blood, and let the fluids move on unobstructed in health again.

AS A LITHONTRIPTIC,

it has no equal; being chemically combined with I[illegible] it possesses in a high degree the power of dissolving Stone in the Bladder, and restores of the kidneys, preventing gravel formation and enlargement of the prostrate gland, irritation of the neck of the bladder, dropsy, etc.
